

2015

MSR thrives on brand heritage. For over 40 years our goal has been to produce a wide variety of premium motorcycle products that consumers can put their trust in. Our athletes, our team, our business represent the working class heroes that span generations to keep the MSR brand moving forward.

This year we have a very exciting lineup of new off-road and motocross apparel. First, lets start with the Xplorer line. This collection of jackets and apparel has been in development for quite some time to assure we incorporated the necessary features for todays off-road riding needs. These products have been tested and tortured by our top athletes to assure the quality and comfort you would expect from the MSR brand.

Our new line of motocross apparel features some very bold color ways and technical features that will appeal to all types of riders. The focus this season for all our levels of apparel was to make fit and function the best it can be. According to our riders, we nailed it!

SUMMITJERSEY

- Articulated fit for optimum riding comfort
- Snag-resistant raglan cut poly mainframe
- Top-seam stitching for increased strength & durability
- Reflective details on chest & sleeves for low-light conditions
- Long tail for stay-tucked jersey stability
- Lycra® micro-cuffs with thumb loops to keep sleeves in place
- Strategic stretch panels for superior riding performance
- Large ventilation panels at the upper arms and chest
- Light padded elbows, upper arms and shoulders

PAGES 16-17

SUMMITPANT

- 600 denier poly main construction
- Ballistic grade fabrics in high-wear areas
- Ratchet-belt fly closure and dual Velcro® side adjuster belts
- Heat-resistant premium leather inner knees
- Oversized thigh vents with 2-way zippers
- Back exhaust vents for optimum air flow
- Two zippered cargo pockets for small items
- 3M Scotchlite™ accents increase visibility
- YKK® zippers with glove-friendly pullers
- Articulated legs and stretch Spandex panels

PAGES 16-17

SUMMIT-OTBPANT

- 600 denier poly main construction
- Ballistic grade fabrics in high-wear areas
- Ratchet-belt closure and Velcro® side adjusters
- Heat-resistant premium leather inner knees
- Oversized thigh vents with 2-way zippers
- Back exhaust vents for optimum air flow
- Two zippered cargo pockets for small items
- 3M Scotchlite™ accents increase visibility
- YKK® zippers with glove-friendly pullers
- Articulated legs and stretch Spandex panels
- Over the Boot design utilizes zippers and Velcro® adjustable cuff straps to ward off water from entering the boots.

PAGES 16-17

ASCENTJERSEY

- Hyper-Flo mesh panels in front chest & back
- Raglan cut & stretch panels for the best fit
- Low profile Lycra® collar for comfort
- Top-seam stitching for increased strength
- Lycra® micro-cuffs for comfort
- Lightly padded elbow panels
- Long tail for optimum jersey stability

PAGES 20-21

ASCENTPANT

- 600 d poly, snag-resistant main construction
- 900 denier poly fabrics in high-wear areas
- Ratchet belt closure and Velcro® side adjusters
- Drum-dyed, heat-resistant leather inner knees
- Exhaust vents on back thighs for cooling
- Two zippered cargo pockets
- Fade-resistant sublimated graphics
- YKK® zippers with glove-friendly pullers
- Articulated legs and stretch Spandex panels
- Thermoplastic rubber accents
- D30® impact padding compatible

PAGES 20-21

ALTERRAJACKET

- Dry-XC™ treated 600 d Nylon outer shell for waterproofing and breathability
- 840 d Ballistic Nylon in high-wear areas
- Hyper-Flo ventilation system comprised of 9 zippered vents
- Two upper and lower chest pockets with storm flaps, two lower side fleece lined hand warmers and one oversized lower back pocket
- Two inner pockets on right chest and two vertical pockets on left chest
- Oversized, two-way main zipper with storm flap and rain gutter for dry, trouble-free function
- Flashlite™ reflective panels, piping and printing for visibility under dim light conditions
- Six cinch straps at sleeves and body to customize fit
- D30® intelligent shock absorption armor in shoulders, elbows and back
- Neoprene edge trim on collar and cuffs for comfort and to block wind to retain body warmth
- Lycra® cuff extenders with built-in thumb retainer
- Water-repellent YKK® zippers
- Internal elastic waist cinch design for a custom fit
- Closed cell foam chest shield included

PAGES 24-25

ATTAKJAK

- Quality HIPORA® coating and seam tape make the Attak Jak fully waterproof and breathable
- Seven zippered vents in front and back
- Two front pockets, one internal pocket and a rear storage pouch
- Pocket just inside front zipper flap provides easy access to MP3 player

PAGE 26

ATTAKPANT

- Large mesh-lined zippered vents
- Side adjusters
- Raised lower back panel
- External cargo pockets
- Leather panel on right inner knee
- Waterproof fabric with seam tape throughout
- D30® hip pad compatible

PAGE 26

TRANSJAK

- A transformable rally style jacket/vest combination. Designed to let you move freely and yet control the body comfort and temperature levels of even the most aggressive riders
- 420 Denier Nylon Oxford body with heavy duty Nylon in the elbows and shoulder area. Heavy polyurethane coating keeps the fabric water-resistant
- Zippered vents in front and back, four front pockets, two internal pockets
- Fleece lined hand warmer pockets w/ internal shock cord adjusters in the pocket
- Pleated lower back pocket adds extra storage
- Internal pockets on the sleeves of the mesh lining accept an optional pair of elbow guards
- Designed to be worn over a roost deflector

PAGE 27

TRANSPANT

- A vented transformable Over-the-Boot shorts/pants combination
- Designed to let you move freely and yet control the body comfort & temperature levels of even the most aggressive riders
- 600 Denier poly Oxford body with heavy duty Nylon inner knees
- Vented poly mesh panels help keep you cool
- Pleated external cargo pockets
- Detachable zip-off lower legs
- Adjustable Velcro® cuff strap

PAGE 27

NXT

NXT MISSION

NXT JERSEY

- Comfortable technical design with Lycra™ and micro rib collar details
- All-over fade-resistant graphics
- Simplified raglan sleeves with micro-rib cuff inserts for increased comfort
- Light-weight 100% spun-poly fabric featuring an extended tail for stay-tucked stability
- Dual arm-pit venting panels
- Large vented back panel for cooling

PAGES 42-45

NXT PANT

- 600 D Oxford main construction
- Custom ratchet style belt closure

PAGE 64

SIZING METHODOLOGY

ADULT GLOVES

Glove fit is open to personal preference but make sure the fit is loose enough to avoid arm pump but snug enough to minimize bunching up in the palm.

ADULT JERSEY

MSR Jerseys correspond with the size of your standard T-shirt. Just choose the same size jersey that you normally wear in a T-shirt. Note that a correctly fitting jersey will fit much looser than a T-shirt to allow freedom of movement while riding.

ADULT PANTS

The waist size of our pants correspond with the fit of most jeans so your MSR pant should be the same size as your jeans. Our pants can also be securely adjusted up to the next even size by using the dual side adjusters and/or center ratchet buckle.

YOUTH GLOVES

With palm up, take a measurement from the wrist joint to the tip of the middle finger (X). Compare finding with the chart below.

(X) MEASURE	GLOVE SIZE
5.625" (14cm)	Y-XS
5.875" (15cm)	Y-SM
6.125" (15.4cm)	Y-MD
6.375" (16cm)	Y-LG
6.625" (17cm)	Y-XL

YOUTH JERSEY

Compare the size of a standard Youth T-shirt with the corresponding jersey size from the chart. The tee shirt size corresponds with an oversized jersey size for a comfortable rider fit.

T-SHIRT SIZE	JERSEY SIZE
SM (6-8)	Y-SM
MD (10-12)	Y-MD
LG (14-16)	Y-LG
XL (18-20)	Y-XL

YOUTH PANTS

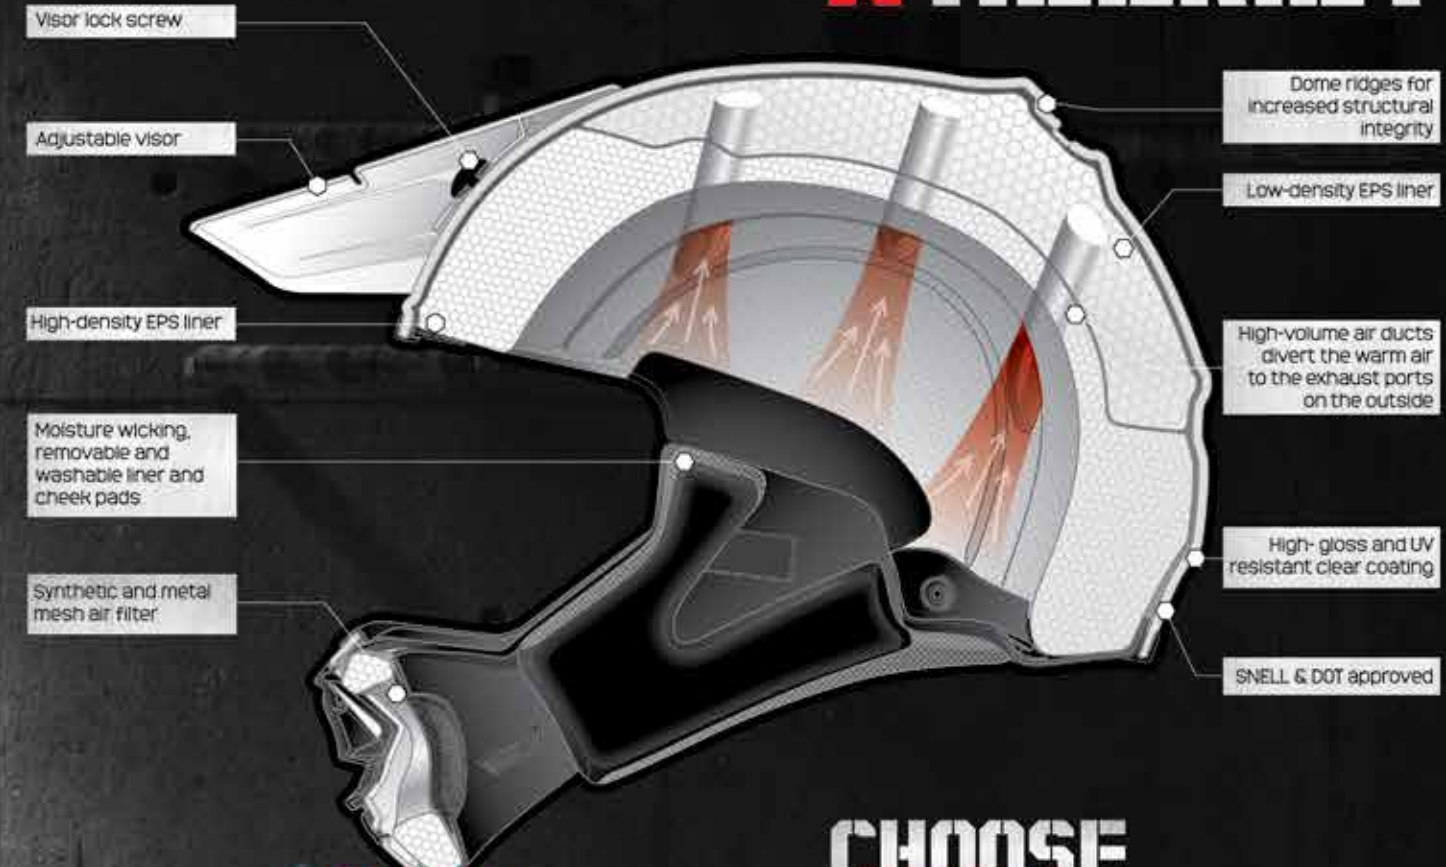

Using a pair of your child's regular pants (jeans, shorts, etc.), button them and pull them tight across the top as in the diagram. Measure the distance across at the waistline. Multiply the measurement by 2 to find the waist size.

MEASURE	PANT SIZE
(X)	(X x 2)

ANATOMY OF A HELMET

INSTALLING A HELMET AND RETENTION SYSTEM

The best way to put on the helmet is to hold the chin straps on each side and pull it over your head. Pass end of strap through the D-rings and pull it comfortably tight back against the lower jaw keeping head straight, rotate the helmet from side to side. If the helmet is adjusted properly, you should feel the movement of your scalp be closely equivalent to the helmet's movement. With your hands on the sides of the helmet, lift the helmet slightly with an up and down motion. Once again, the movement of your skin should approximate the helmet movement. To remove the helmet, pull the D-ring tab outward to release strap tension. Then unthread the chin strap. Pull the chin straps outward, rotate the helmet forward, and lift it off.

PROPER HELMET CARE

- Hand wash liner in cold water, 20°C/68°F.
- Do not bleach, drip dry (do not machine dry)
- Wipe shell clean with damp cloth and mild soap

CHOOSE YOUR SIZE

XS	SM	MD	LG	XL	2XL
61-64cm 24"-25.2"	65-68cm 25.6"-27.2"	69-71cm 27.6"-28.0"	72-74cm 28.3"-29.1"	75-78cm 29.5"-30.7"	81-84cm 31.9"-33.1"

ADULT MEASUREMENTS

MEASURE YOUR HEAD

Using a tape, measure the circumference of your head just above the ears and across the forehead and then refer to the size chart above & below. Check the fit by moving the chin bar up and down. The helmet should fit snug enough to move the scalp up and down rather than the liner just slipping on the hair. Also be sure to pull up on the back of the helmet to make sure that the helmet cannot possibly be pulled off of your head.

YOUTH MEASUREMENTS

18.5"-19.125" (47-48.5cm)	Y-SM
19.25"-19.875" (49-50.5cm)	Y-MD
20"-20.5" (51-52cm)	Y-LG

OFFROAD

SUMMIT

A premium member of the XPLOER series, the Summit line boasts agility, performance and practicality. A powerful collection of exploration-worthy materials and features to enhance your ride, whether it's across the mountain range or across the country.

Summit jerseys are purpose-built to withstand the rigors of exploration. A fade-resistant mainframe poly fabric with large Hyper-Flo vented mesh panels for cooling. 3M reflective accents, light padding at the shoulders and elbows along with thumb loops at each cuff to keep your sleeves in place at high speeds are the finishing touches.

The Summit pant is the perfect balance of function and protection. Large 15" zippered frontal vents that adjust to weather conditions, convenient cargo storage pockets, a secure 3-Point waist tension system and flex-panels at key locations to optimize riding comfort. High-tech D30 hip pads compatible. All held together via abrasion-resistant fabrics.

SUMMIT JERSEY

\$89.95

JERSEY DETAILS

CUFF THUMB LOOPS

Run them or don't run them, thumb loops keep your sleeves in place at higher speeds.

LIGHT PADDING

Fully-padded sleeves at key locations down each arm for added protection and comfort. Also features 3M reflective trim.

VENTILATION

Hyper-Flo mesh panels run down each upper-arm and the body for a continuous flow of refreshing air cooling.

PANT DETAILS

3M SCOTCHLIGHT

Highly reflective 3M inserts at key locations for higher visibility in low-light conditions.

PLEATED VENTS

The back sides of both thighs feature exhaust vents that draw unwanted body heat from inside the pant.

CARGO POCKETS

Two roomy zippered cargo pockets on the upper thigh for exploration essentials

ASCENT

Little brother to our premium Summit series the Ascent line is no slouch when it comes to exploration performance.

Ascent jerseys feature the same Hyper-Flo vent panels as the Summit but with bolder graphics. Its articulated multi-panel sleeve design, lightly padded elbows and comfortable micro-collar gives it's big brother Summit a run for his money.

Ascent pants can take a beating with their 600 and 900 Denier mainframe along with heat-resistant inner knee panels. Performance features include multiple stretch panels in key locations and a 3-Point waist tension system.

Throw in 2 zippered cargo pockets and you'll wonder how you ever explored without the Ascent pant.

ASCENT JERSEY \$69.95-\$74.95*

- Hyper-flo mesh panels in front chest & back
- Raglan cut & stretch panels for the best fit

JERSEY DETAILS

COMFORT COLLAR
Our low-profile Micro-Rib Lycra collar is custom shaped for ultimate comfort on long or short expeditions.

MESH VENT PANELS
Hyper-Flo mesh panels run down each upper-arm and the body for a continuous flow of refreshing air cooling.

PROTECTIVE PADDING
Light padding at the elbows won't do much against trees and other obstacles, but add to riding comfort.

BLACK-BLUE

PANT DETAILS

HANDY CARGO POCKETS
2 zippered hand pockets are ideal for carrying smaller exploration items such as wallet, phone, energy bars, etc...

REAR EXHAUST VENTS
The back sides of both thighs feature exhaust vents that draw unwanted body heat from inside the pant.

LEATHER INNER KNEE
Drum-dyed abrasion and heat-resistant premium leather panels at the inner knees protect both the rider and pant from damage.

ALTERRA

MSR has a strong and prestigious heritage in Off-Road riding and racing. Our godfather, Malcolm Smith, was the leading innovator of the Off-Road world during the late 60's and 70's. His credentials include 8 ISDT Gold Medals, 6 Baja 1000 wins, 4 Baja 500 wins and 2 wins in the Mint 400.

The ALTERRA jacket is a testament to Malcolm's innovative idea to survive the harshest elements this world can throw at any rider.

The ALTERRA jacket has raised the bar to a new level.

D30
KNUCKLE
PROTECTION

- 1) D30™ Intelligent Shock Absorption is a patented shock absorbing material, engineered with intelligent molecules.
- 2) D30™ is rate-sensitive, meaning that when moved slowly, the molecules flow freely, making it soft and flexible.
- 3) At high speeds - like in an impact - the molecules lock together, making the material an excellent shock absorber.
- 4) The whole process is repeatable, occurs instantly and returns to its original state as soon as the impact is over.

ATTAK GLOVE

\$39.95

- Comfortable neoprene cuff with TPR/Velcro closure
- TPR graphic details
- Q-Span mesh, airprene & nylon back panel
- Synthetic leather palm, thumb panel and finger tips for heat and wear resistance
- Energy absorbing D30™ knuckle panel

\$16.95

- Convenient tool carrying case designed to organize, protect and stabilize your tools while in your Fanny Pak or Back Pak
- Clear inside “parts” pocket
- Securing strap with nylon “D-ring” tensioner and hook & loop attachment
- Dimensions (with flap opened) : 14.75”(H) x12.5”(W)
- Dry weight: 0.25 lbs./ 113 g

BLACK 331090

GOGGLE CASE

\$24.95

- Stores up to 4 pairs of goggles
- Plush interior fabric won't damage lens or frames
- Accommodates roll-off style goggles

BLACK 331072

HEAD CASE

\$54.95

- Synthetic fur lined main compartment
- Stores 3 pairs of goggles
- Separate lens and tear-off storage
- DIMENSIONS: 10.5”(H)x12”(W)x14.5”(L)

BLACK 331073

NAVIGATOR BAG

\$159.95

- If you maxed-out your old bag, it's time to roll your gear in style with our redesigned Navigator Bag. We answered our riders needs by dividing its cargo area to provide the best fit for riding gear. The Navigator Bag is designed to stand on end and comes with durable telescoping handle and wheels
- Dual-setting slide out pullman style handle. Reinforced side and track bottom supports and inline skate clear wheels
- When upright, the bag stands on its end
- Large fine-tooth zippers run smoothly and are nearly indestructible
- Main compartment fits deflector, helmet, elbow and knee/shin guards, pants and jeserys lid compartment holds gloves, goggles and other medium sized items
- Internal and external zippered pouches for accessories
- Heavy-duty reinforced loading handles
- Dimensions: 13.5"(H)x15.5"(W)x30"(L)
- Dry Weight: 10 lbs. (4.5kg)

BLACK 331080

VOYAGE GEAR BAG

\$109.95

- The roomy Voyage Gear Bag has the capacity to handle the above average size of riding gear
- Large main compartment fits a roost deflector, helmet and several pants and jerseys
- End compartments hold boots, knee pads, knee braces and socks
- Top lid pocket to organize goggles, gloves and medium sized accessories
- Includes a comfortable padded shoulder strap and sturdy hand straps on three sides for easy-loading
- Dimensions: 19.5"(H)x15.5"(W)x33"(L)
- Dry weight: 5lbs. (2.3 Kg)

BLACK 331079

ROCKSTAR BACKPACK

\$49.95

- A simple yet functional back pak designed to give you all around performance on or off the bike
- Padded, adjustable shoulder straps
- Easy access front compartment with internal accessories pouch
- Elasticized mesh water bottle carriers
- Sturdy zippers with easy-pull grab tabs
- Top carry handle
- Dimensions: 17"(H) x 12.5"(W) x 7.5"(D)

BLACK 016984

ROCKSTAR GEAR BAG

\$159.95

- If you maxed-out your old bag, it's time to roll your gear in style with our new Rockstar bag. We answered our riders suggestions by dividing its cargo area in a very ergonomic way. Then we streamlined its profile, shaving about 1 lb. from its weight without compromising volume space or its ability to stand on its end
- Dual-setting slide out pull handle and braced side panel allows the bag to stand on its end
- Large fine-tooth zippers run smoothly and are nearly indestructible
- Main compartment fits deflector, helmet, elbow and knee/shin guards. Lid compartment holds pants and jeserys. End compartment holds boots
- 3.25" diameter "non stick" clear wheels
- High air velocity ventilation grommets keep gear fresher
- Internal and external zippered pouches for accessories
- Heavy-duty reinforced loading handles
- Dimensions: 19"(H)x15"(W)x33"(L)
- Dry Weight: 11.8lbs

BLACK 016985

VX1 & VX1-ATV BOOT

\$109.95*-\$119.95

- Made with genuine leather
- Flexible polyurethane & tough polycarbonate materials
- Durable rubber outer sole with steel toe-cap
- Reinforced interior ankle
- Performance buckles similar to those found on higher priced boots
- 2-stage latching system for a wide range of sizes
- Split leather heat shield to resist burning & abrasion
- VX1-ATV BOOTS: The same design as our VX1 boot with the added traction of a lugged style sole

CLASH DEFLECTOR

\$89.95

- Polycarbonate chest and back for optimum strength
- Ample air ventilation louvers for cooling
- Anatomically arched back design to meet the riders natural riding position
- Raised channel in spine area for added rigidity
- Weighs 2.3 lbs.
- Large fits - 5'6"-6'0" 115-180lb

SIZE	WHITE	BLACK	CLEAR
LG	330274	330275	330273

BLOCKADE DEFLECTOR \$99.95

- Beveled air-flow intake for cooling
- Click snap on/off waist straps
- Thermo-formed biofoam padding
- Adjustable and flexible shoulder straps
- Thermo Plastic Rubber pull tabs
- Removable backplate for personalization

SIZE	BLACK
ONE SIZE	330296

COVERT PRO \$46.95

- The Covert Pro's projectile absorbing biofoam chest panel is comfortable against the skin & covers the vital body parts
- Neoprene panels eliminate irritation from the strap buckles

BLACK	335833
-------	--------

COVERT UNDEROOST \$42.95

- A thin light weight biofoam chest plate with vast ventilation louvers is mounted to stretchable vented fabric
- The large non-restrictive collar features a heat transfer label to eliminate irritation
- An overall low profile light-weight design that is almost invisible under your jersey

SIZE	WHITE/GREY
SM/MD	335834
LG/XL	335835

VEKTOR BELT \$34.95

- Dual v-straps offer extra support over conventional belt designs
- The center area features a low profile rubber support panel surrounded by coarse mesh vented mainframe fabric with internal plastic stiffener ribs
- At 6.25" in height and a weight of only .45 lbs., the Vektor belt offers superior support, ventilation and added riding confidence

SIZE	BLACK
SM/MD (28"-36")	335831
LG/XL (36"-44")	335832

HELIX BELT \$23.95*-\$27.95

- The Helix is the perfect balance of support, lightweight, and ventilation
- Low profile rubber support panels are attached to a fully vented main frame
- Dual variable length support belts resist pinching in the stomach area
- The maximum height of the Helix is a perfect 6.75" and weighs a mere .35 lbs.

SIZE	BLACK
YOUTH* (20"-26")	335829
ADULT (28"-36")	335830

D30® HIP PAD \$24.95

- Note: D30® hip pads are compatible with all MSR pants
- D30® intelligent shock absorption is a patented shock absorbing material engineered with intelligent molecules
- D30® is a rate-sensitive material. Meaning when moved slowly the molecules flow freely, making it soft and flexible
- At high speeds (like an impact) the molecules lock together, making the material an excellent shock absorber
- The whole process is repeatable, occurs instantly and returns to its original state as soon as the impact is over

BLACK / ORANGE	331763
----------------	--------

REFLEX KNEE/SHIN GUARD \$69.95

- Three adjustable elastic straps combined with airprene panels provide a positive fit, keep you cool & comfortable. Adjust the "set and forget" velcro straps just once, then you can use the three speed buckles to install within seconds
- Self-centering knee allows the Reflex to float around your knee cap suspended by a layer of cool perforated foam
- A high-impact polycarbonate shin, an ultra tough nylon® knee & polypropylene thigh provide optimum coverage & maximum range of movement without leaving exposed areas
- Upper & lower panels are fully louvered for maximum cooling
- Flush flat head pivot screws help reduce wear

SIZE	RED/BLACK
ONE SIZE	330084

GRAVITY KNEE/SHIN GUARD \$14.95-\$16.95*

- High impact injection molded plastic outer shell over perforated medium density foam
- Elastic straps with hook & loop closures provide a stable fit that adjusts to fit most adult and youth sizes

SIZE	BLACK
YOUTH	330155
ADULT*	330156

MSR HIP PAD SETS

STANDARD	
• This optional hip pad set is lightweight and shock absorbent.	
• 1/4” (6.5mm) perforated close cell foam, enclosed in a soft, fine mesh.	
• Just attach to your MSR riding pants using the matching “hook” tabs.	

D30

- D30™ Intelligent shock absorbtion is a patented shock absorbing material engineered with intelligent molecules.
- D30™ Is a rate-sensitive material. Meaning when moved slowly the molecules flow freely, making it soft and flexible.
- At high speeds (like an impact) the molecules lock together, making the material an excellent shock absorber.

BOOT PARTS

- Genuine replacement parts.
- Use for repair purposes or to make your own personal boot color combination.

MXT, VX1, VX-ATV

- Original replacement parts for the MXT, VX1, VX-ATV.
- Buckle kit contains: 1 buckle, 1 base and 2 bolts.
- Strap kit contains: 1pc. #2 medium, 2pcs. #3 long, 1pc. #4 extra long.

ELITE & METAL MULISHA “SCOPE” BOOTS

- Buckle base kit and left or right strap kits.

THANKS

Hope you have enjoyed viewing the 2015 MSR Apparel collection. None of this would have been possible without the unique individuals involved with this brand. A big thanks goes out to the MSR staff, our athletes, our domestic and export dealers, the magazines and websites for showcasing our products and all the people at Tucker Rocky for the continued support and allowing us to make this happen.
