ALPHA ALPHA AIR ROCKSTAR® 046 MODE MODE YOUTH

GLOVES PROTECTION LIFESTYLE 104 **ACCESSORIES** OVERVIEW

### **HELMET FITTING** / RETENTION SYSTEM INFO

The best way to put on a helmet is to hold the chin straps to each side before pulling it over your head. Pass the end of the strap through the D-rings and pull it snug. Keeping your head straight, rotate the helmet from side to side with your hands. If the helmet is adjusted properly, you should feel the movement of your scalp closely match the helmet's movement. With your hands on the sides of the helmet, move the helmet in a slight up and down motion. Once again, the movement of your skin should follow the helmet movement. To remove the helmet, pull the D-ring tab outward to release strap tension, then un-thread the chin strap. Pull the chin straps outward, rotate the helmet forward and lift it off.

### PLEASE NOTE:

- No helmet can protect the user against all foreseeable impacts.
- For maximum protection, the helmet must provide adequate peripheral vision.
- All retention straps (chin straps) must be securely fastened.
- The helmet can be seriously damaged by some common substances with damage being invisible to the user.
- Apply only mild soap and water for cleaning.
- Make no modifications to the helmet. If the helmet experiences a severe blow, please replace it.

### **PANTS**

Measure the width of the waist on your regular street pants and multiply by 2. Then refer to the chart. Example: 16" x 2 = 32" or size 32. Note that ratchet buckle and side waist adjusters (on most models) will cinch up an additional 2" of waist size to fine tune the fit.

BACKUO MATOT BAY DANT OTTE THOUASA

### **JERSEYS**

Compare one of your t-shirts with the corresponding size chart below. Choose the same size jersey as you would for a t-shirt. Note that jerseys typically run larger for a loose, unrestricted fit.

MEN'S WAIST	MIX PANT SIZE	INSEAM

### RACEWEAR TECH / RACEWEAR TECHNOLOGY

### **TECH FIT**

**PRO FIT** 

level of performance.

#### JERSEY

Using multiple performance fabrics, our Tech Fit jerseys wick moisture to keep you dry and cool. This jersey uses a composite construction collar and micro Lycra® cuffs for an overall optimal fit.

#### PANT

Lightweight, durable fabrics, leather inner knees and pre-curved "attack position" construction make these pants an industry favored race pant.

The Pro Fit jersey contains all of the technical and

performance features that you need and expect to

compliment any style of rider. An engineered raglan sleeve and tailored fit take this jersey to the next

Our ergonomically structured knees offer ample room

for knee braces and our buckle/waist adjuster system

PRO

### WMX FIT

### **WMX FIT**

#### JERSE\

Built on the success of our highly successfully Stealth Fit line, our WMX Fit line provides the same lightweight, durable feel and comfort in women's sizing. Go ride and see for yourself!

The Answer WMX Fit pant is packed with performance at a value. The comfortable, functional female cut is available in a wide variety of sizes. Ladies, get on that bike and rip.

WMX

### RIDE FIT

### RIDE FIT

#### JERSE

If you want some style and comfort while riding offroad trails, our Ride Fit offering is right up your alley.

### PAN

Combined with our functional zip-off lower leg system and tailored waistband, Answer's Ride Fit continues on the tradition of offering sizing and style for all types of riding.

KIDE

# TERUTH J

### **STEALTH FIT**

can reduce waist size up to 2".

### JERSEY

The feature packed style you have come to expect in our entry level Stealth Fit jersey is so light and comfortable, you'll swear you're not even wearing race winning motocross gear.

#### PANT

Just like the Stealth Fit jerseys, our Stealth Fit pant's hassle free fit and pre-curved knees offer you the protection you need without sacrificing the performance required for long motos.

Youth FIT

### YOUTH FIT

Same features and performance standards as the adult gear, scaled down to fit the little groms. Our youth gear has all of the same performance features as our adult line, packed in a small package.

#### PANT

Not to sound repetitive, but see the Vet Fit description and apply it on a smaller scale. There's no better youth gear on the market than ours. Period.

### RACEWEAR FEATURES / ICON GLOSSARY

### INTAKE/EXHAUST VENT

Multiple intake/exhaust helmet vents for cool air circulation

### EPS LINER (expanded polystyrene)

EPS snap-in removable/washable liner. Meets Snell 2010 and DOT standard

#### REMOVABLE LINER

Removable/washable liner with moisture wicking fabrics

### FEATHERWEIGHT

Super lightweight engineered materials and/ or properties

#### FNT-TN-ATR

Multiple performance mesh fabrics provide ample ventilation

#### ΙΕΔΤΗΕ

Genuine leather inner knee panels resist burning from the high temps of header pipes

Strapless glove enclosure system features

#### SLIP-ON

an ergonomic cuff cinch

### PERFORMANCE FABRICS

Multiple performance fabrics provide moisture wicking properties

### STRETCH FABRICS

Premium stretch fabric panels which allow movement without restriction

#### BALLISTI

Material or panels used to provide superior wear resistance

### ADULT/YOUTH OFFERING

Indicates that the item is offered in both adult and youth sizing

### BUCKLE/WAISTBAND LOCK

Ratchet buckle/adjustable waistband combo keeps pants locked in place

### CLARINO® GLOVE GRIP

Synthetic leather is lightweight, durable and retains performance in all conditions

### ATTACK POSITION

Pre-shaped knees fit best in "attack position" with room for knee braces

### VIBRANT/FADE-FREE GRAPHICS

Vibrant, fade-free sublimated fabrics that don't fade after multiple washes

■ 2015 / ANSWERRACING.COM / 1.951.736.5369

The Evolve 2.0 Continues to Evolve. Useful feedback from our team of riders is given to our design team resulting in implementation and execution for a better fitting helmet overall. We are committed to giving you, our riders, the best equipment experience.
-Better Fit: Re-engineered and improved internal foam for ALL NEW comfort. •Redesigned front locking system in our washable liner improves removal

### **EVOLVE 2.0** / HELMET FEATURES

•Air-Flow- Front & rear air-vent ports allow proper air circulation for good ventilation for heat management and comfort while riding and racing. •Enhanced Rider Protection- Raised Eye port ridge enhances rider protection by providing improved impact absorption and dispersement by

•Single-Point Visor Adjustment- Unique design single-point adjustment gives you one quick and easy option to raise and lower your visor height. •Aerodynamic Poly-carbonate Shell encompasses the Evolve 2.0 helmet and keeps the weight to a minimum for all Evolve helmet models. •MEETS OR EXCEEDS SNELL, DOT, ECE, AS AND SG SAFETY REQUIREMENTS\*

### TERRA-X / DEFLECTOR

If you're looking for the best in roost protection, look no further.

Answer's premier ANSR Terra-X roost deflector is all-new for
2015 and packs cutting edge innovation, useful features and
superior adjustability into one stylish, lightweight package.

#### DETAILS

- Removable backplate to add your name and number
- -Thermo-formed BioFoam interior padding
- Flexible shoulder straps are fully adjustable
- Beveled air-flow intake for cooling
- Quick snap-on/off waist straps
- Thermal plastic rubber pull tabs

#### ANSR TERRA-X DEFLECTOR

### APEX / DEFLECTORS

Our premium Apex roost deflector, one of the best-fitting roost deflectors on the market, is highlighted by huge amounts of shoulder adjustment and a hinged back that allows the unit to 'hug' your body.

### Also available in youth sizes - see page 93

#### DETAILS:

- Polycarbonate and polypropylene panels provide maximum protection against flying debris
- EVA shoulder foam provides premium impact absorption with maximum comfort
- Pivoting lower rear panel allows the deflector to move with and 'hug' the rider
- Three position front and back shoulder strap adjusters offer a fine-tuned fit

\$34.95	SM/MD-Size 27-36	LG/XL-Size 37-46
BLACK	016813	016814

### **STONE SPRAY SHIELD**

- Our Stone Spray Shield under-jersey roost protection is for riders that prefer a lightweight, flexible roost deflector over the more formidable feel of plastic deflectors.
- Stretch and moisture-wicking fabrics provide superior fit & comfort
- Maximum ventilation without sacrificing coverage for roost protection
- Impact-absorbing foam design covers clavicle and shoulder area

#### STONE SPRAY SHIELD

\$44.95	SM/MD	LG/XL
BLACK	N16949	016950

#### PERFORMANCE FABRICS

Multiple performance fabrics provide moisture wicking properties

#### FEATHERWEIGHT

Super lightweight engineered materials and/or properties

#### VENT-TO-AIR

Multiple performance mesh fabrics provide ample ventilation

88

### **EVAPORATOR** / SHIRTS

Answer's Evaporator base layer line is constructed with high quality, durable, moisture wicking fabrics that manage body temperature while keeping you dry and comfortable throughout your motos and trail rides.

- Spun fabric construction with wicking and anti-bacterial treatments creates a reactive moisture transfer system that keeps the body cooler and dryer than cotton.

- After 60 minutes of exercise the Evaporator fabric releases 80% of it's moisture after 30 minutes of rest. Cotton releases only 40% of it's moisture after the same amount of time.

- Inner layer contains fibers that will wick the moisture off skin quicker, creating a cooler interior climate. Once moisture is separated from your skin, the outer layer will evaporate the moisture fast and evenly.
